Model	TMG-DB48TM
Working Width	48"
Power Required	30-70HP
Weight	79 lb

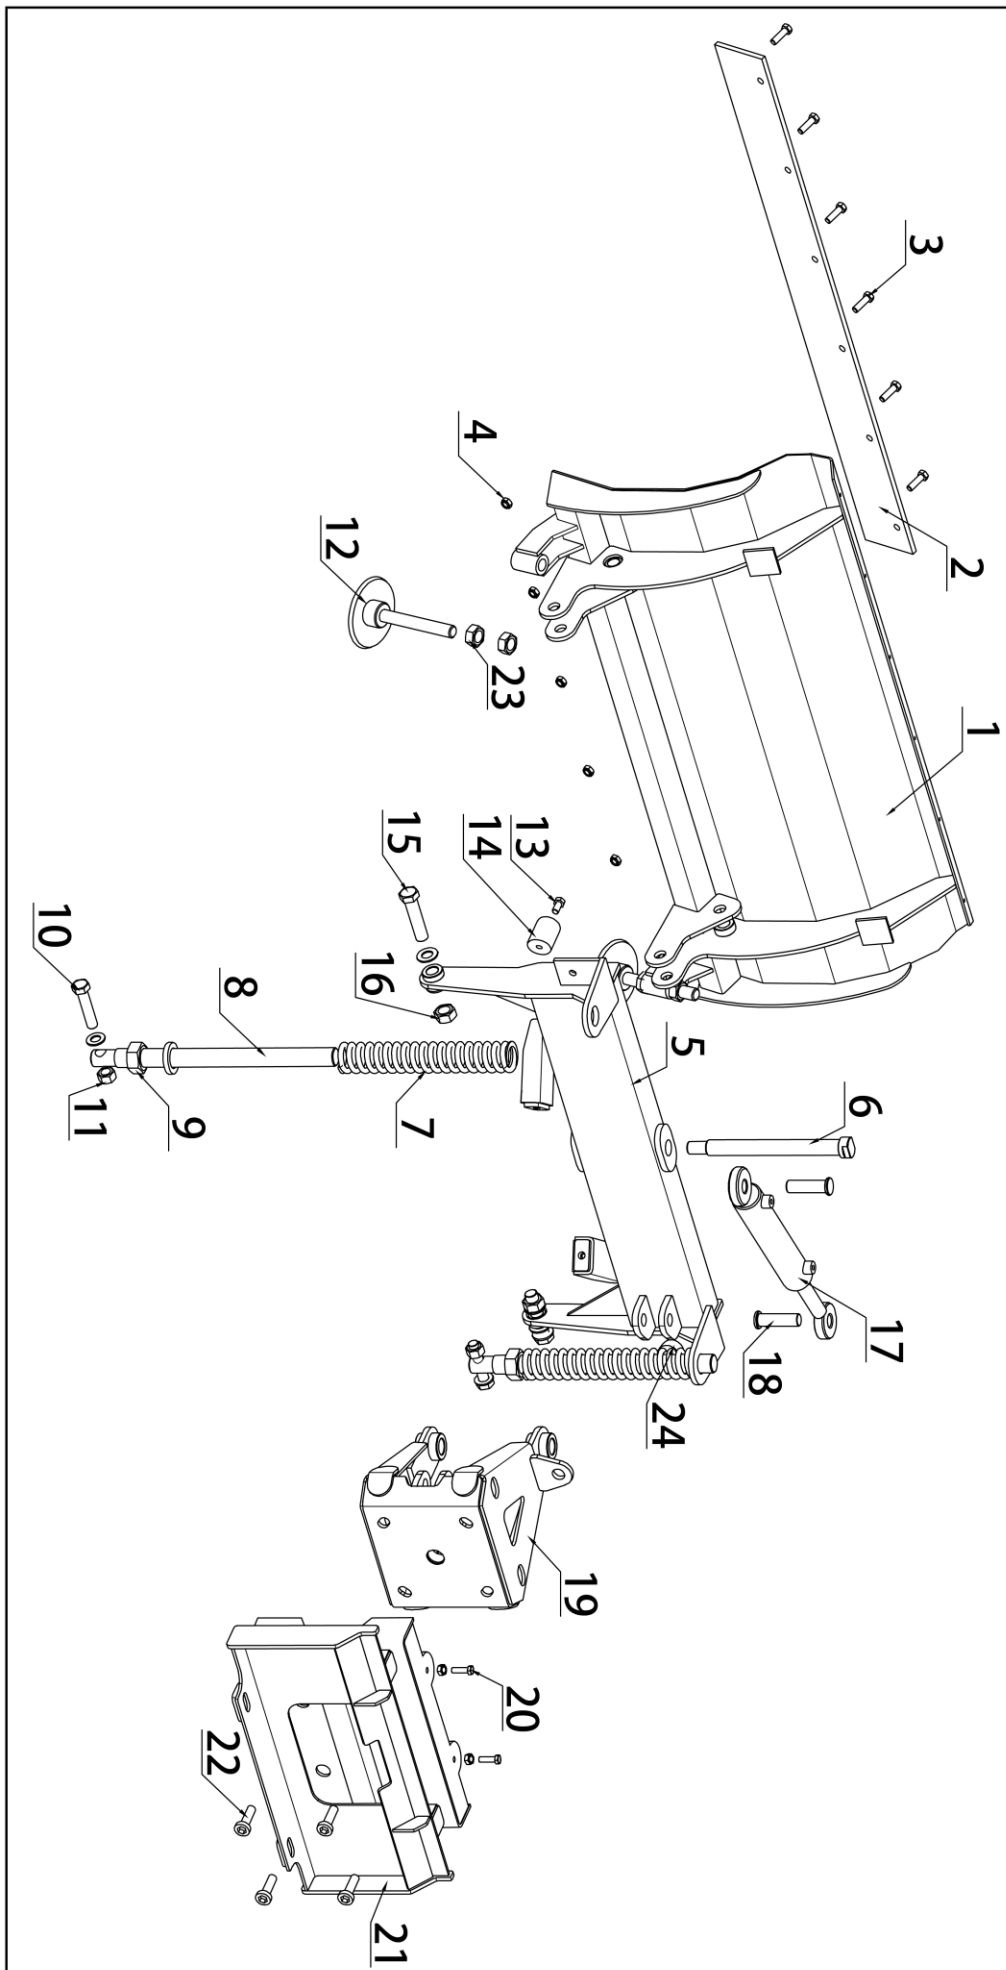

Important

The rubber bumper is attached in shipping mode. Before using this product, remove the rubber bumper from the spring rod flange. Re-attach on the opposite side of the flange. The bumper is used to absorb the shock when the blade returns to normal position after tripping.

The limiting device is connected by means of transportation. Before using this product, please remove the limiting device and then re install it to the other end of the flange.

TRANSPORT STATE
